Committee Reports:

Fund raising – LWPA Hats proved to be popular items at the annual picnic and a few more have been sold since the picnic.

OLD BUSINESS:

The milfoil survey found several milfoil plants, fortunately not enough to require chemical treatment. The plants were hand pulled by professional divers who put them in a sack prior to pulling them to insure no pieces break off to form new plants. Do to timing requirements a notice of chemical treatment was sent out before the milfoil report was available, but no chemical treatment was done nor is one planned at this time.

A motion was passed for Cathy B. and Dave L. to write a letter to the city requesting better equipment for the milfoil survey.

It is the Boards intent that in the future the LWPA board be the sole source of results for the volunteer milfoil survey.

E-mail was sent to the new parks board expressing our willingness to work with them on issues related to the Lake Wilderness Park and lake. There may be some deliver problem with the new group e-mail list for the parks board.

Charley Benedict will send an additional copy of the e-mail to Greg Brown to insure delivery.
